Teacher Working Conditions Survey

Thank you in advance for your time and willingness to share your views on working conditions in your school. Research has demonstrated that teacher working conditions are critical to increasing student achievement and retaining teachers. Arizona policymakers and education stakeholders have expressed great interest in using your collective responses on this survey to help improve working conditions in schools and districts across the state.

Please know that your anonymity is guaranteed. No one in your school, the district or state will be able to view individual surveys, and reports on the results will not include data that could identify individuals. You are being asked demographic information to learn whether teachers from different backgrounds and different characteristics look at working conditions differently. You have been assigned an anonymous access code to ensure that we can identify the school in which you work and to ensure the survey is taken only once by each respondent. The code can only be used to identify a school, and not an individual. The effectiveness of the survey is dependent upon your candid opinion.

Thank you for taking the time to complete this survey.
